RIOHTS OF THE MACACRES—Meet every second Tuesday.

FOLEY'S HONEY AND TAR

The original
LAXATIVE cures remedy.

For coughs, colds, throat and lung troubles. No opiate. No alcohol. Good for everybody. Sold everywhere.
The genuine
FOLEY'S HONEY AND TAR is in a yellow package. Refuse substitutes.
Prepared only by
Foley & Company, Chicago.
For sale by Red Cross Dr. gbjore

* A ROUND OF TALK. *

Music of Spring.

With a tinkling patter and plash,
And a musical drip, drop, drip,
The cloud-sons of Earth tip,
And the rain comes down with a dash.
Over the frozen lake,
The stealthy thaw-winds creep,
And the dimpling ripples, fast asleep
In slumbering water.

On the rack of the rushing rain,
The gut, like a hunter borne,
With streaming pennon and shrilling horn,
Swings over the sodden plain.
And the wild mists fly at the warning,
Smote through with the spears of gold.
Hurled from the sun's beleaguered
hold.

On the cloudy heights of morn,
Drip, drop, drip!
And down with a silvery clash,
From the slender wrists of the
weeping ash.

Her jeweled fetters slip!
Flushed with a garnet fire,
Her fetters of frozen rain
Clank and snap in the tempest's
With a bang of a broken lyre.

The swarthy lark peer out
From their dim grottoes of mist,
And a tender gleam of amethyst
Girdles the earth around.

And jubilant, sweet and clear,
Somewhere on the winds about,
A glad song ruffles the bluebird's
throat.

And we know that the spring is near!
—Selected.

MCHORD'S WALKOVER.

We notice that Hon. C. McChord is to have no opposition for the Democratic nomination for Railroad Commissioner. This is as it should be. Mr. McChord's services for the people as head of the railroad commission during the past few years have been such that he has certainly earned that recognition and more. Indeed it is said that certain shrewd politicians who might have at one time entertained designs on McChord's political scalp have been reading the hand writing on the wall and have very wisely concluded to refrain from tackling the buzz-saw. A dispatch from Lexington tells of the withdrawal of the last opposition as follows: "Joseph Botts, the lawyer of this city who recently announced himself a candidate for the Democratic nomination for Railroad Commissioner in this the second district, and who has been undecided for several days whether he would pay the entrance fee and make the race, has finally concluded not to run. Yesterday was the last day in which Mr. Botts claimed he could formally enter by putting up the primary fee. This evening Mr. Botts said: 'I did not enter.' As far as known here this leaves C. C. McChord, the incumbent of the office a clear field for the nomination and it is understood that the District Committee will now declare the primary called unnecessary, re-burn Mr. McChord his entrance fee of \$3,000 and announce his nomination."

WHOSE FAULT?—We have been requested to put in a complaint, to register a mild protest on behalf of a very highly important portion of a long suffering public to wit: those residents who live on Walnut Street and its tributaries. Something less than a year ago the word went out that Walnut Street was to be treated to a sidewalk. Indeed there were signs that such a movement was on foot. The old boardwalk, which served at least to keep pedestrians from the mud of the street, was taken up and hauled bodily away and a contract was made for a new brick sidewalk from Main Street south to Grundy Avenue. The long suffering resident began to have dreams of walking to town and arriving dry and cool some day in the near future. But alas, for the expectation of the unfortunate one, for he is not wise to the ways of the city fathers of a village. He must learn that these same city fathers move slowly their wonders to perform. The summer and fall passed and the winter came and the patient resident of the south end wearily plodded his way through the mud of Walnut Street. The

matter was excused during the winter months of bad weather for it was impractical to lay side walks in the snow and freezing weather, but now the spring with its beautiful days has come and the promised side-walks are to all outside evidences, still but a dream. The south end resident is a patient creature—this he has clearly demonstrated, but his patience is undergoing a severe strain about this business. It is so clearly a case of neglect on the part of somebody. Whose fault is it?

GREAT INTEREST.—A citizen and business man of Lebanon reports interest in the coming local option election to be held at that place on next Tuesday to be intense and much bitterness and hard feelings are being engendered over the contest. Nearly every one is of the opinion that the local option forces will be victorious by good majorities. It is unfortunate, but nevertheless a fact that in a contest of that character there is always more or less bitterness aroused which remains long after the question at issue has been settled and oftentimes causes a breach between friends that even the passing of time fails to heal.

How to Remain Young

To continue young in health and strength, do as Mrs. N. P. Rowan, McDonough, Ga. did. She says: "Three bottles of Electric Bitters cured me of chronic liver and stomach trouble, complicated with such an unhealthy condition of the blood that my skin red as fannel. I am now practically 20 years younger than before I took Electric Bitters. I can now do all my work with ease and assist in my husband's store." Guaranteed at Haydon & Robertson's Drug Store. Price 50c.

Afraid of Newspapers.

Bill Carnes gave his only reason for moving the Hargis case to Elliott county that he wanted the case tried in such a place as would give the least newspaper publicity. Such a reason tells its own tale: "Men whose deeds are evil hate the light." It must be a bad case that has to be kept out of the newspapers. Instead of sending the case to a place most inaccessible to the press it ought to have been sent to a county where there could have been the very greatest publicity. The press to-day in this country is not only the greatest safeguard to liberty, but the greatest safeguard to justice. The man who is afraid of the newspapers generally has a bad case.—E. T. Now.

"In 1897 I had a stomach disease. Some physicians said Dyspepsia, some consumption. One said I would not live until Spring. For four years I existed on boiled milk, soda crackers and doctors' prescriptions. I could not digest anything I ate then I picked up one of your Almanacs and I bought a fifty cent bottle of Kodol and the benefit I received from that bottle of gold is Georgia could not buy. In two months I went back to my work as a machinist and in three months I was well and hearty. May you live long and prosper."—C. N. Correll, Rodding, Ga., 1906. The above is only a sample of the great good that is daily done by the use of Kodol for Dyspepsia. It is sold by the Red Cross Drug Store.

The Country Newspaper.

It occurred to us this week as we ran over forty or fifty changes to note the moral tone of them. These papers are of all sizes and grades, from every variety of town, and are edited by practical men who are pretty well acquainted with the world, the flesh and the devil. In not one of them did we find a defense of immorality. In not one of them did we find a semblance of defense of whisky. In not one of them was there a trace of vulgarity, and none taught or

justified dishonesty. Neither could we find a sneer at purity, at religion, at the better things of life. In many of them were bits of excellent advice, little homely sayings on temperance, frugality and industry. All of them loyal to the home town and advocated honest principles in government and individuals. Whenever there was mention of the public schools it was in terms of praise. To be sure, here and there was some snarl at pretense. But the note in every one of these two score papers was for decency, progress, enlightenment, morality. And of these editors, we know many of them personally, and of all these we know not one is a drinking man, not one is a gambler, not one is a libertine. Most of them judges of people and events. A pretty decent lot they are; in fact, we doubt if any other profession can offer a higher—or even as high—a showing. Besides all this, the country editor is probably liberal, free-hearted in every way. No stray printer goes away hungry if he has a quarter. No public subscription list ever passes him without his mite. He gives freely of time and space to the public welfare. This is not an effort to throw a bouquet at our contemporaries, but, with Paul, we believe every man should magnify his calling, and we are proud of ours.—Press and Paper.

State of Ohio, City of Toledo,

Lucas County,

Frank J. Cheney makes oath that he is the partner of the firm of F. J. Cheney & Co., doing business in the City of Toledo, county and state aforesaid, and that said firm will pay the sum of One Hundred Dollars for each and every case of Catarrh that cannot be cured by the use of Hall's Catarrh Cure.

Signed before me this 6th day of December, A. D. 1886,

A. W. Gleason,
Notary Public.

Hall's Catarrh Cure is taken internally, and acts directly on the blood and mucous surfaces of the system. Send for testimonials free.

J. Cheney & Co., Toledo, O.

Sold by all Druggists.

Take Hall's Family Pills for constipation.

Sues John Kerns for Slander

A suit for \$50,000, for slander was filed in the Circuit court yesterday by Dick Brown, a colored voter of the city of Lebanon, against Mr. J. H. Kerns. The petition alleges that Mr. Kerns wrongfully, unlawfully, and maliciously uttered and published of and concerning plaintiff the following false, defamatory, and slanderous words, to wit: "Yes, Father Hogarty has already bought Dick Brown with a suit of clothes," thereby meaning and intending to charge plaintiff with the crime of bribery in having given, or furnished, or procured for Dick Brown, a colored voter of the city of Lebanon, a suit of clothes for the purpose of procuring or influencing his vote in the local option election. The petition further recites that plaintiff demanded of said defendant a public written declaration by him that the rumor or statement concerning plaintiff's name with any supposed attempt to bribe a voter, or purchase a vote in the pending election contest, was false and unfounded, and that the imputation was made without grounds for its utterance, and defendant refused to give or sign any such retraction or statement pronouncing the said imputation false and unfounded—Lebanon Falcon.

Saved Her Son's Life.
The happiest mother in the little town of Ava, Mo., is Mrs. S. Ruppoe. She writes: "One year ago my son was down with such a serious lung trouble that our physician was unable to help him; when, by our druggist's advice I began giving him Dr. King's New Discovery, and I soon noticed improvement. I kept this treatment up for a few weeks when he was perfectly well. He has worked steadily since at carpenter's work. Dr. King's New Discovery saved his life." Guaranteed best cough and cold by Haydon & Robertson Druggists, 50c and \$1. Trial bottle free.

FIRE IN LEBANON.

Rages for Five Hours in Spite of Tons of Water.—Loss Will Be \$40,000.

A special from Lebanon Saturday says, one of the most disastrous fires that has visited this city in many years occurred last night. Just how it originated is unknown, but it started on the second floor of the building in Union Block, occupied by D. R. Bodkins & Co., grocers. The flames spread rapidly to the adjoining buildings, notwithstanding the heroic efforts of the department to check them, and soon the entire roof of the several buildings, composing the block, was ablaze. Five streams of water played on the fire, but not until 2 o'clock this morning five hours after being discovered was it under control. The department succeeded in keeping the flames confined to the second floors of the different houses, but the stocks on the lower floors were badly damaged by water.

The loss will be something like \$40,000, covered, for the most part, by insurance. The sufferers are: A. Kelly & Son, grocers; D. R. Bodkins & Co., grocers; Pelosi & Co., confectionery and restaurant; C. B. Johnston, wholesale and retail hardware; G. R. Lattimer, dry goods and notions; I. W. Miller, photographer and art goods; Dr. G. G. Thornton Physician; Hipp & Abell, tailors; Dr. T. F. Cleaver, physician, and Dr. J. T. Elliott, dentist.

Lost.

and remember the next time you visit from pain caused by damp weather—when your head nearly bursts neuralgia—try Ballard's Snow Liniment. It will cure you. A prominent business man of Hempstead, Texas, writes: "I have used your liniment. Previous to using it, I was a great sufferer from Rheumatism and Neuralgia. I am pleased to say that now I am free from these complaints. I am sure I owe this to your liniment." For sale by the Red Cross Drug Store.

Sorrows of the Young Rich.

While we have sympathy for the adult millionaire, the little boy who is he's to millions is about as sad an object as this wide lane can show. And particularly if he is being brought up on the sterilized plan. They may or may not succeed in sterilizing all the microbes out of the food, clothing and air, they can hardly fail to sterilize all the joys out of his young life. But no sterilizing process has yet been devised that neutralizes the worst microbes that prey upon rich and poor alike; such as the bacilli of bad temper, envy, and jealousy. The diseases these microbes set up make unnumberable those in the neighborhood of their victims, as do all other diseases, but the discomfort is as nothing compared with the misery they inflict upon their immediate victims. Our Country for March.

Little globes of sunshine that drives the clouds away. Be sure Little Early Hours will scatter the gloom of sick headache and biliousness. They do not grip or sicken. Recommended and sold here by the Red Cross Drug Store.

THE HAPPY FARMER.

His Lot Compared with that of Other Business Men by One of Our Correspondents.

We note carefully the contents of an article of recent publication in the News-Leader in regard to "The Happy Farmer," in which many assertions are true, wise and otherwise. The man who thinks the rest of his life is not far from wrong. Yet it is true he enjoys many happy hours during the long winter evenings reading the county paper and enjoying the wholesome repeat of long and hard earned corn fritters, buckwheat cakes, and delicious syrup made of home grown sugar cane. However it is a mistake when it is asserted that he begins work with his soul shrouded in gloom, for with a light heart full of sweet anticipations which drive the bitterness of strife from his soul; he labors on through the day and during the peaceful slumbers during the hours of darkness when all the crops are growing and his profit being made at night as well as by day.

And any farmer with the least bit of foresight has all his feed stored away so that feeding is a pleasure rather than a drudgery as stated before, and the fowls have a snug house in which to spend the cold days and nights, in defiance of the weather. And the idea of a farmer wondering how he will pay his taxes is absurd. Anyone with a thinking full of sense knows that any kind of taxable property on a farm will more than pay its way, unless it is a dog, and he will go out at night and tree enough fowls to pay for a dozen like himself.

Now suppose we take the "Happy Business Man." There are so many different branches we will say the newspaper man. He has a picnic sure; he just sits around home or the office enjoying a good smoke or talking to his friends, or reading the daily newspapers and watching the people as they throng to and from the newstand in eager desire to know whether or not Harry Thaw is insane, cleared or condemned and don't know any more about it than myself and I do not know any thing. Well he then goes home and enjoys a piece of beef steak that couldn't be put with a cold chisel and a dressed hen that proved to be a 12 year old rooster and many other such delicacies, and then returns to his office to enjoy about 5 hours reading and blue penciling a lot of nonsense written up by some green corn respondent similar to Uno, and read a dozen newspapers over to find about 6 inches of copy; and then reads about 12 columns of type set up one half upside down. Then writes down two hours to delinquent subscribers and walks two miles to catch the straight news of a rumored fire that proves to be a tobacco shed burning. He must then condense a dozen or two different items to make them admissible, and then spends the other half hour goss

BAD ROADS IN ILLINOIS.

To Better Them State Will Make Use of Its Complete.

Convicts of Illinois are assisting in the construction of hard roads by running stone crushers that have been installed at both the Joliet and Joliet penitentiaries, says a Bloomington special to the New York Evening World. At the former the output is about 400 cubic yards per day, filling in the largest holes and is planned to increase the output shortly to twenty cars per day. Any county or township that will undertake to build hard roads will be given all they want of this crushed rock free, the only expense being that of the freight from the penitentiary to the destination. Illinois is said to possess more miles of poor highway than any other state in the union. The state highway commission has now taken up the question of constructing sample stretches of roads in various sections of the state. The first plan is to thoroughly fix the road so as to drain off all water. The road is to be made of a heavy layer of crushed stone of varying size, each being rolled and compacted in its place. The road is to be graded and compacted.

STORY OF FIRST CAR STRIKE

Struggle Between Men and Company Grew in Intensity Each Day After Sunday Morning.

Strike was declared at 12:45 a.m., Sunday, March 10, to be come effective at 5 a.m., same day. Complete tie-up of all cars followed and city was absolutely without service during the day. No violence or demonstrations of any kind occurred.

Munday morning an attempt was made to operate four lines, and clashes between strikers and office employees of company followed. The same situation prevailed Tuesday, except that strike-breakers were introduced, and the situation assumed a more serious aspect.

On Wednesday a joint committee composed of members of the four commercial organizations began attempts to bring strikers and employers together. While there was considerable destruction of property on these three days, there were no serious personal injuries.

Thursday, while peace negotiations were still pending, two men were seriously injured, and a number of cars badly damaged. The railway company submitted propositions to the instance of the joint committee and these were accepted by the strikers.

The cost of the strike is conservatively estimated at a little more than one half million dollars, distributed as follows: Strikers' wages, \$4,000 company's receipts, \$36,000; strike breakers, etc., \$5,000; general business, \$500,000; city of Louisville, operation of police department and court expenses \$1,000.—Louisville Herald.

Is Locked Up.

Princeton, Ky.—John McGregory, a Hopkins' county farmer, was arrested at his home in that county, Wednesday night on the charge of being implicated in the barn burning here in December. McGregory is the third person to be arrested as a result of the work of the grand jury here, which is still in session. Warners are out for those who are alleged to have taken part in the disorder. John Jackson, the Caldwell county farmer who was arrested Tuesday, has given bond.

During a severe electrical storm here yesterday the court-house was struck by lightning, but no serious damage was done, though a number of persons were badly frightened.

Fund At Last

J. A. Harmon, of Lismore, West Va., says: "At last I have found the perfect pill that never disappoints me and for the benefit of others afflicted with uric acid and chronic constipation, will take Dr. King's New Life Pills." Guaranteed satisfaction. 75c at Haydock & Robertson Drug Store.

Big Barbecue.

The Harrodsburg Democrat says: "At a meeting of the directors Saturday it was decided to hold a big barbecue in the interest of the Society of Equity pool of the 1907 crop of tobacco. May 5th was fixed as the date, and the Fair Association donated the fair grounds for the occasion. Nearly \$200 has been subscribed to pay the expenses for music and dinner, and some of the best speakers of the country will be here to discuss the fight of the farmers against the trusts and for independent and living prices.

"A big crowd and a treat time are both anticipated. Already more than half the 1907 crop has been pledged and before the close of July it is expected that practically the whole crop will be pooled. It will be a dark day for the tobacco trust, and the drawing of a

AN OLD FAMILY SLAVE

Nearly a Hundred Years Old and Nursed W. F. Booker "Before De War."

The Courier Journal last week contained the following item: "Ellen Sweeney, colored, died of paralysis Sunday night at the home of her daughter, thirty-third and Herman Streets. She was eighty-seven years of age and had been a slave in the Booker family before the war. 'Mammy Sweeney' was not only loved and respected by members of her own race, but by the white people as well, as was attested by a beautiful floral design sent by her white friends bearing the inscription 'Mammy.' She came to Louisville from Springfield when a young woman and joined the old Presbyterian church at Fourth and Chestnut streets, where she was a member until the colored Presbyterian church, at Ninth and Green was organized when she became one of its first members. The funeral will be held this afternoon at 2 o'clock at the Knox Presbyterian church. The services will be conducted by the Rev. C. B. Allen. The burial will be in Eastern Cemetery."

Mean Trick.

Mr. Shannon Cloyd, of this city, and Miss Stella Wakefield, of Bloomfield, a most charming lady, were married at the Willard Hotel, Louisville, Monday. Mr. Cloyd drove to Springfield Sunday afternoon where the young lady met him and they took the train from there to the city, where the ceremony was performed. Mr. Cloyd is well and favorably known here where he has always lived. For several years he has been connected with Mr. I. C. James in the livery business, and when he returns from his bridal trip he will probably have a score to settle with Mr. James. Just before he started on his important mission he left his suit case in the reception room at the livery stable while he went across the street to say good bye to Mrs. James. During his absence Mr. James removed the contents of the suit case and substituted a horse blanket. All unsuspecting the groom to be returned and gathering up his baggage drove away, and never dreamed of his loss until he reached his destination. Mr. James, however, went to Louisville Monday to attend the wedding and kindly told the original contents of the suit case with him. Mr. and Mrs. Cloyd reached here Tuesday night, and will make their home with the groom's mother.—Harrodsburg Herald.

Enough for Him.

A Lincoln county man last Spring became infatuated with the rapturous stories of the West, teeming with prosperity and undeveloped wealth, disposed of his Kentucky interests and located in Indian Territory. There he purchased a farm and cultivated it to find that his powers of production were about half as prolific as the soil of Kentucky and that the markets are much inferior. In fact, the same grade of corn that is now selling in Kentucky at 60 cents per bushel is a drag on the Indian Territory market at half the amount—30 cents. So this now wiser Kentuckian contemplates that one acre of good land in this section is worth four in the West, and he has the figures on it and figures won't lie.—Harrodsburg Herald.

Tried in Federal Court.

In the Federal Court now in session at Louisville the following cases from Nelson county have been disposed of: The jury in the case of Edward Foley, accused of operating an illicit still in Nelson county two years ago, could not agree, after deliberating over two hours. The jury was dis-

Alone Roosevelt's Wedding.

was something to be recorded in the annals of matrimony. Roosevelt has been acknowledged the greatest of liver regulators. A positive cure for biliousness, constipation, chills and fever, and all liver complaints, J. C. Smith, Little Rock, Ark., writes: "Herb is the greatest liver medicine known. Have used it for years. It does the work. Sold by the Red Cross Drug Store."

Murder Trial.

The March term of the Garrard Circuit Court began Monday, with Judge W. C. Bell on the bench. The criminal docket is rather heavy. The most sensational cases to be tried are John and James Simpson and Curtis East, all indicted jointly on the charge of killing Nathan Taylor and Had Casey. The murder occurred last October, and the home which belonged to Casey was fired. Attorney James Hamilton was employed by the citizens of Buckeye, where the tragedy took place, to ferret out the perpetrators. Within forty-eight hours he asked for a warrant for the men above mentioned, and they were held without bail.

AN OLD FAMILY SLAVE

Nearly a Hundred Years Old and Nursed W. F. Booker "Before De War."

The Courier Journal last week contained the following item: "Ellen Sweeney, colored, died of paralysis Sunday night at the home of her daughter, thirty-third and Herman Streets. She was eighty-seven years of age and had been a slave in the Booker family before the war. 'Mammy Sweeney' was not only loved and respected by members of her own race, but by the white people as well, as was attested by a beautiful floral design sent by her white friends bearing the inscription 'Mammy.' She came to Louisville from Springfield when a young woman and joined the old Presbyterian church at Fourth and Chestnut streets, where she was a member until the colored Presbyterian church, at Ninth and Green was organized when she became one of its first members. The funeral will be held this afternoon at 2 o'clock at the Knox Presbyterian church. The services will be conducted by the Rev. C. B. Allen. The burial will be in Eastern Cemetery."

Mean Trick.

Mr. Shannon Cloyd, of this city, and Miss Stella Wakefield, of Bloomfield, a most charming lady, were married at the Willard Hotel, Louisville, Monday. Mr. Cloyd drove to Springfield Sunday afternoon where the young lady met him and they took the train from there to the city, where the ceremony was performed. Mr. Cloyd is well and favorably known here where he has always lived. For several years he has been connected with Mr. I. C. James in the livery business, and when he returns from his bridal trip he will probably have a score to settle with Mr. James. Just before he started on his important mission he left his suit case in the reception room at the livery stable while he went across the street to say good bye to Mrs. James. During his absence Mr. James removed the contents of the suit case and substituted a horse blanket. All unsuspecting the groom to be returned and gathering up his baggage drove away, and never dreamed of his loss until he reached his destination. Mr. James, however, went to Louisville Monday to attend the wedding and kindly told the original contents of the suit case with him. Mr. and Mrs. Cloyd reached here Tuesday night, and will make their home with the groom's mother.—Harrodsburg Herald.

Enough for Him.

A Lincoln county man last Spring became infatuated with the rapturous stories of the West, teeming with prosperity and undeveloped wealth, disposed of his Kentucky interests and located in Indian Territory. There he purchased a farm and cultivated it to find that his powers of production were about half as prolific as the soil of Kentucky and that the markets are much inferior. In fact, the same grade of corn that is now selling in Kentucky at 60 cents per bushel is a drag on the Indian Territory market at half the amount—30 cents. So this now wiser Kentuckian contemplates that one acre of good land in this section is worth four in the West, and he has the figures on it and figures won't lie.—Harrodsburg Herald.

Tried in Federal Court.

CUNNINGHAM & DUNCAN

Both Sides Ask For Local Option Election

Bowling, Green, Ky.—A rather peculiar and unusual case of affairs developed here yesterday when the saloon men and the prohibitionists both began circulating a petition asking the court to call an election to vote on the whisky in the city. Both petitions are identically alike and ask for an election to be held in June.

It is said that the saloonists hearing that the anti-ites were out with a petition thought it was for an election in the county, including the city, and a petition was asking for a separate election for the city. The town will be close, while in the county it is prohibition by a large majority.

Eggs For Hatching.

From select pens of White Plymouth Rock, Brown Leghorn and White Wyandots. My birds were premium winners at the Fairs last year.

Eds 75 Cents for 15.

A. C. KIMBALL, Springfield, Ky.

HOUSES OF PORCELAIN.

Sheets of Glazed and Decorated China to Replace Brick and Stone. The dweller in glass houses may be more or less of a paradox. But the dweller in a china house will soon be a common personage, says a London cable dispatch to the New York American. The home of the future will be built of porcelain. It is now possible to build in sheets about the size of bricks and with paint and concrete and to get the same effect as a brick wall, but with the advantage of being fireproof.

CARNEGIE'S DREAM.

Steel King's Boyhood Ambition Was to Be a Reporter. In furtherance of the Peace Society's object of obtaining international peace the society gave a dinner the other night in the Yale club at New York to an unusual gathering of newspaper and magazine publishers and writers. Andrew Carnegie, president of the society, could not be present, but his letter of regret was flattering to the newspaper men present in revealing that it had been his boyhood ambition to be a reporter, says the New York Herald. It was addressed to Secretary Samuel T. Dutton and was as follows: "Dear Mr. Dutton—I cannot refrain from expressing my regret that my busy and pressing duties prevent me from having the rare pleasure of meeting the members of the society at dinner as my guest. My greatest desire in youth was to be a reporter of the news. It is no longer the case, but I sometimes find across my mind in moments of leisure, the idea of the editor or even the pupil which influences the news of the day. I am no longer a reporter, but I am a publisher and I am proud to be in the hands of editors of the press. This is especially so in Europe. In the case of the Peace Society, I rank first with all of us of the Peace society, we would impress upon our friends the sense of responsibility which rests upon them to suffer in Washington as in Dublin from contact with the realities that await him. "It is one thing," says the Outlook, "to write admirably on the American commonwealth. It is another and very different thing to uphold the interests of the empire against American statesmen. When it comes to a matter of international bargaining, Mr. Roosevelt and Mr. Taft must be watched as one would watch a New England farmer in the maze of a horse deal."

DAVID HARUM OF POLITICS.

London, March 18.—Pears Bryce is No Match For Roosevelt and Root. The London Outlook professes to feel a certain anxiety as it looks forward to James Bryce's tenure of his ambassadorial office. It regards Mr. Bryce as an incurable idealist who is likely to suffer in Washington as in Dublin from contact with the realities that await him. "It is one thing," says the Outlook, "to write admirably on the American commonwealth. It is another and very different thing to uphold the interests of the empire against American statesmen. When it comes to a matter of international bargaining, Mr. Roosevelt and Mr. Taft must be watched as one would watch a New England farmer in the maze of a horse deal."

World Like a Charm

Mr. D. N. Walker, editor of that spicy journal, the Enterpriser, Louisville, Va., says: "I ran a nail in my foot last week and at once applied Bucklen's Arnica Salve. No inflammation followed the salve simply healed the wound." Heals every sore, burn and skin disease. Guaranteed at Haydock & Robertson's Drug Store, 25c.

ago, a red and black goat.
Owner can have same by proving
property and paying costs.
Will Jones.

Mr. F. M. Martin has traded
his horse and 50 acres of land
near town to Mr. T. D. Tapp for
his residence on Grundy avenue.
Mr. Martin received as value for
his property \$5,000, while Mr.
Tapp put his property in at a
valuation of \$3,400. Possession
is not to be given until this fall
sometime. The trade was negoti-
ated by McElroy & Wharton
real estate dealers.

Mr. Woodson Moss returned
Monday from a business trip to
Louisville and to points in Indi-
ana. Mr. Moss has been at
work on arrangements for or-
ganizing an association for hotel
men of Kentucky and says that
he has received promises of
support from all the hotel prop-
rietors of Louisville as well as
in other points in the state. A
meeting has been called for

Lloyd Clarkson Dead.

Mr. Lloyd Clarkson, a well
known and popular citizen of
the county died at his home
about three miles from town on
the Lebanon pike on last Friday
night at about twelve o'clock
after a long illness. Mr. Clark-
son was a sufferer from Bright's
disease and has been in failing
health for about a year. A little
over a year ago he was the vic-
tim of an unfortunate occurrence
by which he received a pistol
wound in the knee from a pistol
in the hands of a negro who was
shooting at another man and
Mr. Clarkson was a by-stander
was so unfortunate as to be
struck by the leaden missile.
While the wound had entirely
healed and he had probably re-
covered from the effects, still it
is thought that his other disease
might have been augmented by
the shock and he never regained
his former vigor.

Lloyd Clarkson was born, at
the old homestead on the Leba-
non pike, where he passed away,
about 44 years ago. He was a
son of Mr. Lloyd Clarkson, Sr.,
and Elizabeth Duncan Clarkson.
He received a good common
school education and in early
life worked on the farm. He
later embarked in the undertak-
ing and furniture business in
Springfield in which he contin-
ued for several years. Going
from Springfield to Bardonia
he was engaged in the lively
stable business at that place for
two or three years. For the last
ten years of his life he had been
making his home with his brother
on the latter's farm near
Bookers station and was engaged
in the live stock business.

There was no man who had a
better reputation for fairness
and strict integrity in his deal-
ings with his fellow man than
Lloyd Clarkson and the farmers
with whom he dealt extensively
of late years had the greatest
respect for his word in a busi-
ness transaction. He was never
married and his nearest relatives
are his two brothers; Mr. Thos.
Clarkson, of this place, and Mr.
R. C. Clarkson, of Lebanon, and
his half sister, Mrs. Ben Haydon
of Springfield.

The funeral took place on Sat-
urday morning from St. Dominic
church and the interment was
at St. Dominic cemetery.

HE GAINED HIS POINT.

To Do It the Actor Spoiled the Play
and Lost His Position.

An American actress who had toured
in England was telling her experiences
and related an incident that amused
her. She said:

"In a play produced in the provinces
there is a scene in which the hero
strides the villain, who sinks away
without seeming to defend himself.
One night in a large manufacturing
town the young fellow who played the
deep dejected villain remarked to the
leading man before the curtain rose:

"I say, old chap, I've got my stances
out in front tonight with my father
and mother. Now, of course they don't
know anything about our business, and
I'm afraid it would rather hurt me
with them if I needed a blow and got
away in the usual cowardly fashion.
So, dear old chap, can't you omit the
deep tonight?"

"But, my boy, the management will
fine me 2 shillings!"

"Well, I'll pay the fine."

"Oh, yes! That's all very well for
you, but what do I get out of it?
Nothing but a bad name with the pow-
ers that be!"

"Oh, well, I'll give you 2 shillings
extra, or, better yet, you hit me as
usual, and I'll hit back! They'll fine
me, not you, and you'll give me 2
shillings besides. You see how I'm at-
tired, I shouldn't like the girl to mix
me up with the character I play. Out-
siders are so funny that way."

"So the compact was made, and that
night when the hero cleft," Sir Daniel
twice, or something of that sort—
"base offering of a noble race, take
that!" Sir Daniel not only "took that,"
but gave it back with such force that
the pit in cheers rose at him, includ-
ing his relatives to be married, and
he walked off the stage in triumph.

"I am sorry to add he lost his situa-
tion, but he gained his point."

Kansas Growing Up.

It is a natural thing to ask a man,
when introduced to him, what state he
came from. The fact is, however, that
Kansas is getting to have a big na-
tive born population. When the first
census was taken in 1880 there were
nearly a thousand more people living
in Kansas who were born in Missouri
than there were who had been born in
Kansas. One-tenth of the people of the
state then, including all the babies
that had been born on Kansas
soil. According to the last census, how-
ever, there were nearly half the people
living in Kansas who were born in
the state. By the time the next cen-
sus is taken a third of the people in
the state will be native born.—Kansas
City Journal.

Calling a Husband on the Phone.

Calling a husband up maliciously on
the telephone may or may not be con-
sidered a misdemeanor in a wife. The
judge added, however, by way of gra-
tuitous observation, "I think that
one having a telephone in his house
could enjoy a person from contin-
uously ringing him up day and night upon
unimportant matters which he had no
right to do to the loss of sleep and
noise to the occupant and to his great an-
noyance."—Collier's Weekly.

Chicks in Cold Weather.

Give chickens a chance to get out
into the sunshine as often as possible.
They can endure quite cold weather
without feeling it. In fair weather, if
the wind does not blow, do not keep
chickens confined any day when the
temperature is not lower than 15 above
zero. Turn in a good feed for them.
Give the fowls a full feed of it at
night. They like it very much if it
has been boiled, feeding it to them
while it is warm.

JOHN A. HOBBS SAYS HANAN'S LINE.

The howls of a colic were the means
of saving Thomas Ashbury of Anderson,
Ind., from being frozen to death by
the roadside. Ashbury was riding from
Kilginstown to Anderson. The night
was very cold, and after thirty-six
hours in the saddle he was stricken
with cramps and fell from his horse.
A farmer's watchdog, attracted by the
noise of the passing horse, followed it
some distance down the road, barking
as he went. The dog soon awakened
his master, Frank Pittsford. The colic
ran yelping into the yard and back
up the road again to where the man
lay unconscious. Hagg he remained,
and kept up his barking until Mr. Pitts-
ford put on his coat and followed.
When Pittsford found the man, there
were but few signs of remaining life.

Kodak Digests what you eat and
quickly overcomes indigestion, which
is a forerunner of dyspepsia. It is
made in strict conformity to the
National Pure Food and Drug Law
and is sold on a guarantee relief
plan. Sold by the Red Cross Drug
Store.

Home-Made Is The Best
Bear This In Mind.

Almost every dealer in the
county and adjoining counties
have learned from experience
that we make a grade of harness
that gives satisfaction to the
trade. You can come to the fac-
tory and examine the material
and see it made and see that we
use no rotten or "burnt" stock.
That is why we can
